EUROPE.

LONDON, Sept. 29.—The Grand Duke Michael stakes, the great event of the Newmarket meeting, was won by Mr. Keene's Foxhall. The same owner's Don Fulano was second. Mr. Jardine's Isthmus came in 3d and Count De Larange's Maskelin 4th.

The Newmarket selling stakes were won by Western Empress, Brotherhood 2d, Tafra 3d. Nine ran; including Lorillard's Seneca.

LONDON, Sept. 30.—The *Times* publishes a draft of the Scottish land bill prepared by the chamber of agriculture and says it is one of the most feasible measures on the land question ever submitted to parliament. It makes the strictest provision relative to compensation for improvements.

DUBLIN, Sept. 30.—Several ambulance wagons which left Athlone barracks with police and soldiers for Shannon bridge, county Westmeath, to protect a process server, were obliged to return on account of the roads being broken up and obstructions placed upon them. Boycott, protected by the police, was in Westport Tuesday. He was followed by a mob during the whole time, and his effigy was afterwards burned.

DUBLIN, Sept. 30.—Forty land proprietors and land agents of county Carlow passed resolutions declaring their intention to give effect to the land league in a spirit friendly to tenants and asking their co-operation as re-establishing confidence and good feeling.

LONDON, Sept. 30. — Sixty-three farmers and others sailed from Liverpool Tuesday, for Texas.

An attempt was made to blow up the residence of Capt. Thos. Lloyd, at Pallas Green, county Limerick, to-day. The residence was occupied at the time by Capt. Lloyd and 17 emergency men and police. One side of the building was shattered by dynamite. Nobody injured.

NEW YORK, Oct. 1.—The *Herald's* Dublin special says: The following is the text of an important manifesto on the subject of the state of Ireland, which was issued by the Catholic hierarchy of Ireland after their meeting at Maynooth college yesterday afternoon. Seventeen archbishops and bishops were present at the conference. Influenced by the same deep solicitude for the welfare of their flock, which moved them at their last general meeting in April to solicit the government to amend the land bill, which was then before parliament, the bishops consider it their duty to declare at their present meeting that the new land act is a great benefit to the tenant class for which the gratitude of a large portion of the country is due Mr. Gladstone and those who helped him to carry this measure through parliament. The bishops earnestly exhort their flocks to avail themselves of the advantages derivable from this act, believing, if rightly used, it will bring present good and help them obtain those rights, both social and political, which they justly claim. The bishops would also urge the tenant farmers to use the means provided in the land act and every other means in their power to improve the condition of the laboring class. The bishops avail themselves of this opportunity to call on their clergy to warn their flocks against all secret agencies of violence and intimidation, which only become enemies of the people, and to the laity to prove the love they bear their country and their faith by seconding the clergy in the suppression of anti-social and anti-Catholic abuses; also by removing as far as is in each one's power the stigma which our enemies have sought to fasten upon the people, that they will not pay their just debts, which they are bound to do. The bishops unite with the people in urging on the government the release of those who are still imprisoned, hoping that such a measure will contribute a little to the peace of the country.

Later details concerning the attempt to blow up the residence of Capt. Lloyd at Pallas Green, show that the case containing 25 pounds of powder, was placed immediately behind the room which Capt. Lloyd usually occupies. The explosion occurred at 3 o'clock this morning. It shattered the outer wall, three inside walls and the roof. Two occupants in the house were injured, but will recover.

EASTERN STATES.

NEW YORK, Oct 2.—The *Tribune* says: Adopting the estimates in New York and Brooklyn of 334 delegates elected or assured by the primaries, the Garfield republicans have 194 and the Conkling republicans 116, with the remainder in doubt.

The debt statement shows a decrease of the public debt during September of $17,483,641; cash in treasury, $250,686,547; gold certificates, $5,248,290; silver certificates, $64,149,910; certificates of deposit outstanding, $8,514,000; funding certificates, $636,950; legal tenders outstanding, $346,681,016 fractional currency outstanding, $7,098,506.

NEW YORK, Oct. 1.—A merchant named Jackson, doing business on the East river front, to-day laid before the Police Commissioners a letter which he interpreted as a determination on the part of a Utica man to assassinate Conkling. The letter expressed the opinion that Conkling deserved death, and the writer said he was coming to New York on the occasion of the State Convention next Wednesday, and Conkling should not be admitted, be the consequences what they might. Commissioner Mason perused the letter, and observing that it had been written by a man of education, inquired if the sender was either insane or given to drinking. Jackson had never heard that he was either. The Commissioner suggested that he should write a reply to endeavor to ferret out, if possible, the real plans of the Utica man, but this Jackson refused to do, his principal desire being to get the whole matter off his hands. At his request Commissioner Mason promised to take entire charge of the affair and consult about it with Conkling, and, if necessary, with President Arthur. He believed that the letter should be construed in a less blood-thirsty spirit.

WASHINGTON, Oct. 1.—The Marquis of Lorne telegraphs condolence from Montana, where he heard the news of the President's death.

NEW YORK, Oct. 1.—A *Times* Columbus special says that, should Arthur show a disposition to be advised or led by Conkling, 30,000 Ohio Republicans will stay away from the polls on election day, and the Democratic ticket will be elected by a vote larger than that of Bishop in 1877. The Legislature will be under Democratic control and the Democrats will gain by the new districting ten new representatives in Congress. The *Tribune*, adopting the present estimates in New York and Brooklyn of 134 delegates elected or assured by the primaries, says the Garfield Republicans have 194 and the Conkling Republicans 116, with the remainder in doubt on a contested election.

CALIFORNIA.

SAN FRANCISCO, Sept. 29.—The new chapel of Golden Gate Commandery of Knight Templars, on Post street, was dedicated to-night with the usual imposing ceremonies of the Masonic order.

A dispatch received at Merchants' Exchange state that the ship Annie H. Smith from Philadelphia for Tacoma is ashore on Cherry bank, a short distance below the former city.

NEVADA.

VIRGINIA CITY, Sept. 30.—Cross-cut No. 4, Sierra Nevada, was this morning into the vein five feet. Two samples taken across the face assayed respectively $14.25 and $18.55. A story was started here when the morning shift came off that the cross cut was through ore and the same story was again circulated when the afternoon shift came off. The drill was in beyond the present face, but the ground was so soft reliable assays could not be obtained. What is ahead remains to be shown by the cross-cut.

CANADA.

TORONTO, Sept. 30.—Hanlan will row Ross for one thousand a side on 15th of November.

A special cable to the *Globe* says: Well founded rumors are going about that the Marquis of Lorne will return to England after the close of the coming session of the Canadian parliament and will then be called to the house of lords.

BURNETT'S COCOAINE.

A Lady's Hair Saved by its Use.

BURNETT'S COCOAINE will keep the hair in a strong and healthy condition *by stimulating the roots of the hair and restoring the natural action upon which its growth depends.* Twenty years ago a single bottle saved a lady's hair in a desperate case where everything had failed; and since that early success thousands of cases of Baldness, Dandruff, Loss of Hair and Irritation of the Scalp have yielded to this remedy. *

DEATH IN THE COFFEE POT.—The public are cautioned against purchasing imported California ground coffee. Its cheapness is its only recommendation. The ingredients are of the vilest description, as anyone using it will discover should he examine the grounds. During the perihelia of the planets people should be careful what they eat and drink. Don't allow your grocer to palm off his trash upon you, because it pays him better to sell it than the good article. Ask for FELL & Co.'s Coffee and take no other. *

DENTISTRY.—Mr. R. B. Thompson, Dentist. Nitrous Oxide Gas (Laughing Gas) administered for the painless extraction of teeth. Reduced charges for plate work. Office, upstairs in the Old Masonic Building, Government street. Hours, 9 a.m. to 5 p.m. *

CUSTOMS BLANKS.—Duty blanks with with the new form of oath attached are now on sale at *The Colonist* stationery store. *

DR. J. COLLIS BROWNE'S

CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids.—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE is Tectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Metralgia, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation thus justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether it better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholernic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue; which, he regretted to say, had been sworn to. See "The Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d. and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution.—Beware of Piracy and Imitations.

ST. JOHN, Que., Sept. 20.—The bonus of $10,000 in favor of a beet root sugar manufactory on which voting took place here to-day was carried.

KINGSTON, Sept. 20.—This morning the announcement is made of the death of Robert Downey, who captured Vankoughnet, the murderer, some time ago. Yesterday Downey, accompanied by his sister-in-law, left his home in Portland to visit his brother-in-law, Charles Silver, who lives on the Portland road, about six miles from here. The night was terribly dark and while passing down the railway track near Glenvale Downey and his companion fell into a culvert some three feet in depth. Miss Scott was not injured. Mr. Downey felt that he had been badly hurt and sat down for a few moments. His sister-in-law went on to Silver's and waited for Downey, but he did not come. His friends started in search of him. They failed to find him and retired for the night. At five o'clock this morning the search was resumed and the body was discovered stiff and stark in death but a short distance from where he sat down to rest. Dr. Saunders will hold an inquest this afternoon at 2 o'clock.

Mr. W. Richards, from Newark, N. J., representing English capitalists, thinks favorably of the establishment here of calico mills. The building and machinery to manufacture the material it is expected will cost $150,000. A difficulty is expected in not being able to obtain all the plain cotton wanted, so that if this, too, has to be made the outlay will reach $250,000. The matter awaits the approval of the English men.

TORONTO, Sept. 20. — The trial of Archibald W. Brown of Chatham, O., for causing the death of Buddie McCrae by abortion was opened at the annual term of the Supreme Court at Buffalo yesterday and was adjourned until Saturday, after the prisoner's counsel had made several ineffectual motions to quash the indictment.

LONDON, Sept. 19.—Robert Heatley, of Caradoc, died on Friday from eating wild parsnips. It seems that while engaged in the fields with his son he came across some roots, of which he partook liberally, believing them to be wholesome. He also asked his son to partake, but the latter refused. A few minutes afterwards Mr. Heatley was taken violently ill and fell prostrate in the field. In an hour he was dead. He was a man widely and favorably known in Caradoc and Delaware, and leaves a wife and seven or eight children.

TORONTO, Sept. 29.—A telegram to the department of the interior says the vice regal party reached Humboldt on the 22nd. This is a short distance from Fort Carleton or about 600 miles from Winnipeg. Thay were there on time.

Two hundred dollars have been deposited by Trickett with the sporting editor of the *Mail* to make a match against Charles E. Courtney, of Union Springs, for $300 or $1,000 aside. The course is to be three or four miles straightway. Courtney has always expressed a desire to row Trickett, so that a match is likely to be arranged for a race at Saratoga.

OTTAWA, Sept. 19.—The presentation of the citizens' address to Sir John Macdonald will take place in the city hall, which is being decorated for the occasion. Sir John, accompanied by hon. Mr. Mousseau, will leave to-morrow for Montreal.

In an interview with a reporter, Sir John said Canada never stood higher in the estimation of the English people than she did to-day. Discussing the prospects of emigration he remarked that the Northwest was regarded as the future field of English tenant farmers immigration. A meeting of the committee to arrange a reception to Sir John, held this morning, agreed to present the address to-morrow afternoon. The mayor, who was in the chair, stated that Sir John had been suddenly called home by the serious illness of his daughter.

Mr. Labouchere is being hauled over the coals for printing a severe article in his journal as regards Canada. The article is being denounced on all sides. No doubt *Truth* has some financial influence and the effect of the article on the prospects of the Canada Pacific railway may be injurious.

TORONTO, Sept. 19. — On Friday morning Mr. D. S. Brown, of Cannington, placed his little girl in a coach on the Toronto and Nipissing Line, and left her there during the journey to Uxbridge. Upon looking for her at Uxbridge he found she had disappeared, and every endeavor since has failed to discover her whereabouts.

The statue of the late Hon. George Brown, to cost $5,000, will be executed by Mr. Brodie, of Edinburgh. The work is to be proceeded with immediately.

Kingston tried the experiment of telephones in a church. The listeners at the other end of the wire did not hear the sermon, but they did hear some refreshing criticisms on the congregation by the choir.

Diptheria continues to rage in various portions of Nova Scotia, several deaths recently occurring from it in Pictou and Shelburne counties.

MONTREAL, Sept. 17.—From a passenger by the Sardinia just arrived, occupying an eminent position in the Dominion, I have learned some facts regarding the Princess Louise. My informant is enabled to speak from intimate personal knowledge. It appears the prolonged absence of her Royal Highness has solely arisen from her impaired health. She has entirely lost the freshness and bloom so conspicuous in her cheeks when she came to this country. She has also become quite thin, is vastly changed in appearance, looking much older than her years warrant.

MONTREAL, Sept. 13. — Financial circles here were a little astonished to day at the extraordinary development of banking business which the Government returns for August bring to light. The increase in circulation was one million and a half over July, and six millions in excess of August, 1880. Public deposits increased nearly a million over July, and were seven millions in excess of August, 1880. This shows how wealth is accumulating. One of the most satisfactory features in the return is the tremendous expansion of current loans, which are almost exclusively commercial discounts. These loans are five millions over July—an unprecedented increase—and twenty-four millions in excess of August, 1880.

TORONTO, Sept. 14.—In speaking of the unhealthiness and general unfitness of the Toronto Court House, Judge Mackenzie said a more disgraceful place for the administration of justice did not exist in the Dominion.

WINNIPEG, Sept. 18.—The Canadian Pacific railroad crop report is published. Sixty places have been heard from, which show the aggregate yield to be over 3,000,000 bushels of wheat 4,225,000 of oats, 660,000 of barley, 85,275 of other grain, and large root crops, the wheat averaging 30 bushels to the acre, 50 of oats, and 40 of barley.

NEW YORK, Sept. 16. — Shevitch, editor of *Volks Zeitung*, who is in charge of the alleged Hartmann, says the world will be startled by the events which will occur in the next three months. Matters which have been long maturing are now ripe and the result will be of lively interest to everybody.

ROCKLAND, Me., Sept. 17.—Chas. Smith surrendered himself to the authorities last night, stating that he had shot and killed his unfaithful wife at South Hope. It has been ascertained that Smith attempted to kill Mrs. Metcalf but she, with two children, escaped to the woods. Smith then shot and killed his sleeping child, and entering the room where his wife and mother-in-law lay, shot the latter, probably fatally. Asking his wife to kiss him he shot her through the breast and left. Jealousy was the cause.

UNDER THE CZAR.

Police Activity in the Russian Capital

NEW YORK, Sept. 28.—A cable special to the *Herald* from St. Petersburg says: For some days past considerable excitement has been noticable here calculated to make one suppose that we are on the eve of great events. Large numbers of students have arrived in the city. The police are more active than ever. Proclamations issued by the secret printing establishments are being profusely circulated, and houses are being searched at all hours of the day and night. The Emperor's bodyguard has again been increased. Last Saturday the Minister of the Imperial Household and General Tchennon, an officer specially intrusted with the charge of his Majesty's person, held a conference, which lasted several hours, in the Kasan Cathedral. All this may be connected with the approaching interview of the Czar with the Emperor of Austria. One of the Ministers to-day said, without positively denying that the interview was to take place, that if it did take place it would not be till next spring. This, however, is doubtless merely intended to mislead the public. As on the occasion of the Dantzic meeting, the departure of the Emperor will probably not be known to most people till he has actually started. Everyone is suspected here. A ukase prescribing additional measures of precaution will be issued shortly.

SECRET TRIAL OF NIHILISTS.

The trial of four nihilists, which had been fixed for to-morrow, is postponed till October 11th. It will be private, each prisoner being only allowed to introduce three friends into court, and the Russian press is forbidden to speak of the case. At the end of the trial, which will be concluded by October 23rd, the prisoners will be tried privately by courtmartial. Eighteen witnesses have been subpœnaed to give evidence at the first trial, which is only to be decided by civil jurisdiction.

A BIG DEFALCATION.

A most important discovery has just been made of enormous thefts from the imperial treasury. Immediately after Baron Kuster had been relieved from his functions as court steward a special commission was appointed to look into his accounts. After working five or six hours daily, for twelve consecutive days, the commission has ascertained that, roundly estimated, sixty million roubles in the imperial safe have been stolen.

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store.

ASHCROFT RACES.—The annual meeting at Ashcroft will take place on the 5th and 6th October next. Many interesting races with liberal purses have been arranged and owners of fast stock should prepare for this, the most important meeting in the province.

ORDERS for piano tuning should be left at M. W. WAITT & Co. before October 1st Prof. Francis will be absent a few weeks after that date to fill orders in Oregon and Puget Sound.

Sir John Talks.

OTTAWA, Sept. 19.—The following interview between a reporter and Sir John A. Macdonald is published:—

In answer to a question Sir John said, "There is at present a very friendly feeling towards Canada among the English people. A great deal of attention has been directed towards us lately, and the country is every day becoming better known and understood in England. They know what Canada is now. In short we never stood so well in England as we do now; our credit is good, and our resources and extent are becoming known. In consequence of this the people are anxious to settle and invest their money in Canada. I mixed a great deal among different classes of people while in England, and I found a very high opinion of Canada everywhere. Many of the best families are anxious to send their sons out here, and Canadian investments are looked upon as excellent."

"Had you much opportunity of judging of what is thought of Canada as a field for emigration among the agricultural classes?"

"Yes, and I can say from what I have seen and heard that they look upon it very favorably, and that Canada in the future will be the great field for English emigration."

"What was thought in England of the article which appeared in *Truth* running down Canada."

Sir John gave a little laugh as he replied,

"Oh, nobody minds what *Truth* says about anything. The fact is nothing was thought of the article at all. It produced no effect, and was not even noticed. The object of it was too obvious, but it won't affect the credit of Canada in the least."

"Did you see the Princess Louise while in England?"

"Yes, I met Her Royal Highness two or three times, and she looked very well."

"Did you enjoy your trip, Sir John?"

"Oh yes, immensely. It was a very pleasant trip indeed."

At parting the premier said:—"You can say that on the whole Canada never occupied such a good position in the eyes of the English people as she does at present."—*Globe.*

Improvements.

For the heirs of the Reid estate there will shortly be erected by Senator Macdonald at the S. W. corner of Courtenay and Douglas streets a handsome brick building, 24x40 feet, two stories in height. The location is an eligible one and the building will find a ready tenant, if, indeed, it is not rented in advance of construction. Thomas Story is erecting a new shop on the lot adjoining the U. H. & L. house, Government street.

The Villard Party.

The steamer George E. Starr is being made ready for the Villard party of excursionists, twenty-six in number, by getting in new carpets and receiving a general furbishing up. It is likely the distinguished company will be here to-morrow. Their trip will be extended to Nanaimo and the East coast where the only true coal measures on the Pacific coast are to be found. The mainland also will likely receive a visit.

BRASS BAND.—A number of well-known young men of this city met last evening and organized a brass band. Mr. A. Lewis was elected president, Mr. T. S. Burnes, jr., secretary, Mr. H. B. Rendell treasurer. The next meeting will be held on Friday, 7th inst., at 7½ p. m., when all members are required to be present. The organization has secured the services of the eminent cornetist, Mr. Theo. Lerond, as instructor.

PUGET SOUND.—*Post-Intelligencer*: The run of silver salmon is enormous, far exceeding the facilities of the fishermen to take them....The electric light at Port Blakeley mills has proved a great success ....George Parker Budlong died at the residence of his son on Second street, Saturday evening.

THE SALVAGE.—The work of recovering the boilers and engines of the E. J. Irving is proceeding rapidly. They are in good order; but the hull is a complete ruin.

THE steamer Princess Louise after discharging her last cargo of salmon into the barque Longfellowing, started back to the Fraser for another load last evening.

What Some People Say.

That a certain young lady has threatened to box the ears of a certain young gentleman when she can find a box large enough.

That a gentleman who lost heavily in a "friendly" game of cards the other evening, thus apostrophised the fickle goddess—"Ah! treacherous Fortune. Thou canst make me lose, but thou cannot make me pay."

That a Zulu belle is like a prophet of old, because she has not much on'er in her own country.

That R. Brodrick at the Central coal yard is first in the field with a seasonable stock of fuel.

That though there 'll be few'll not deal with him none will regret having done so.

That the shark recently captured at Esquimalt is a backbiter, because he has to turn on his back before he can bite his prey.

That his teeth are not as sharp as the tongue of a human backbiter.

That while the teeth rend the body the tongue wounds the heart and spirit.

That the custom house returns of exports in yesterday's issue should read for the *quarter* ending Sept. 30th and not the *year*.

That Artemus Ward said of the Mormons: Their religion is singular, but their wives are plural.

That a well known city grocer fished for two hours in Sooke river one day last week and never got a bite until Squire Muir's dog happened that way.

That married men declare their wives are fairly crazy over the fall styles in the Government street dry good stores.

That they have got the delirium trimmings.

That—

> Mary had a little lamp
> And tried to blow it out.
> The paper states that Mary went
> Right up the golden spout.

That the following exquisitely touching lines are inscribed on the Garfield memorial wreath which lies next his heart in the coffin

> "Life's race well run.
> Life's work well done,
> Life's Crown well won,
> Now comes rest."

That there is a woman—Annie E. Fay—who materializes in public the shades of Lord Raleigh, Professors Crokes and Wallace, Sergeant Cox and others in full gaslight.

That London doctors say that the little Princess bonnet promotes earache and neuralgia.

That the full returns of Canada revenue show a surplus nearer $4,000,000 than $3,500,000.

That the Dominion government are greatly pleased thereat.

That the "yelps" of the "unhappy whelps" will soon frighten the James Bay Triplets out of their warm cradles.

That Guiteau will be tried and hanged without unnecessary delay, after which the Stalwarts will quietly settle down to the enjoyment of the feast that his mad crime has placed before them.

That butter is now so high that it requires a stepladder to reach it.

That pears are plentiful and yet we hear complaints of the dulness of the market matrimonial. No pairing going on.

That scarlet fever is raging at Nanaimo.

That the parents of some boys who put themselves outside of a decayed melon the other evening relate a melon-choly tale of the sufferings of their progeny the next day

That President Arthur will shortly load to the altar a tri-millionaire widow.

That an ungrateful man is the meanest of God's creatures. He not only bites the hand that feeds him, but prevents a generous man from helping some one else in the false belief that all men are ungrateful.

Marine.

Mail steamship California on her way north left Portland for this place yesterday and will probably be here to-morrow, as she comes here before going to Port Townsend.

Mail steamship Idaho arrived yesterday morning at Esquimalt and came round to her wharf at noon. She experienced a head wind for the first day out, but after that beautiful weather and a fair wind. Three hunded and thirty-eight tons of freight were discharged here; and at 10 p. m. she proceeded on to the Sound.

The vessels now at Tacoma loading lumber are Canada, Dashing Wave and Xenia.

Steamship Barnard Castle sailed from San Francisco for Departure Bay on the 30th Sept. and passed up early yesterday morning.

There is a scarcity of ships to take away our salmon harvest.

The sailing of the barque Remijio from San Francisco for Victoria is postponed till the 6th inst.

THE Vancouver islanders are bound to have a railway. They have been negotiating with an American company for several months and at one time it was stated that they had offered all the coal lands of the island as a bonus. Sir Charles Tupper seems to have been drawn into some kind of arrangement during his visit, but what he has agreed to does not clearly appear. One dispatch indicates that he has undertaken to build the road from Esquimalt to Nanaimo as a government work, while another indicates that the Canada Pacific syndicate will take hold of it. Whatever the agreement is, we hope it does not commit the Dominion to any further increase of the public debt. *Toronto World, Sept. 21st.*

CONVERSAZIONE.—On Thursday, 6th inst. at 8 o'clock at St. James Hall there will be given by the ladies of the Reformed Episcopal Church the first of a series of semi-monthly conversaziones which it is proposed to hold during the winter months. A full programme of musical and other pieces has been arranged. Tea will be served. Admission 25 cents. *

THE MISSING JEANNETTE.—Captain Markham, R.N., writes: "The mere severity of the winter in Greenland or Iceland would not affect the Jeannette in any way, and such reports need not cause any increased anxiety. Certainly there is sufficient reason for anxiety without that, but I still hope there may be tidings of her this autumn."

DEATH OF A. J. BRUNN.—Mr. A. J. Brunn, a pioneer tailor and clothier of British Columbia, died at San Francisco Sept. 21st. Aged 62 years.

FROM THE SOUND.—The steamer Isabel, Capt. Clancy, arrived yesterday from the Sound with passengers, freight, the mails and express.

ENOS FRUIT SALTS.—At the drug store of Dr. Jackson there was received yesterday a new supply of the celebrated Enos fruit salts

Municipal Police Court.

(Before Hon. A. F. Pemberton.)

TUESDAY, Oct. 4.

G. Rennie, on remand from Monday, was charged with using abusive language to the daughter of George Nicholls.

Mr. Mills, for the defendant, applied for a remand as he had to leave on the Enterprise for the Douglas now at the Sandheads.

Mr. T. Davie, for the prosecutor, stated that the defendant had been annoying the complainant for some time. He had been in the habit of going to his house with whiskey, and things had come to such a pass plaintiff was obliged to take the action he had. He would ask that a warrant be issued for his apprehension on his return from the Sandheads.

Supt. O'Connor remarked that he had made inquiries and had ascertained that Rennie had for years been in the habit of going to the plaintiff's house with liquor and had been a great annoyance to him and his family.

His Honor thought the case should be gone on with as the defendant appeared by counsel.

Evidence was produced to prove that the defendant had used abusive and vile language to complainant's family.

Mary Nicholls corroborated the evidence already given as to the language used by defendant to herself and to her mother; every time he passed the house he called them names; she always called him a bad man when he called her names.

Mr. Mills contended that if such language was used it was not a statutory offence and quoted authorities in support of his contention.

Mr. T. Davie considered that there was never a case in which the interference of a magistrate was more necessary. The defendant had conducted himself in such a manner as would bring about a breach of the peace and therefore he should be bound over in sufficient sureties to be of good behavior.

His Honor was quite conversant with the authorities Mr. Mills had quoted but he thought with Mr. Davie that this was a case which called for interference on his part. He would therefore call on the defendant to bind himself in $100 and to find two sureties of $50 each to be of good behavior for six months or in default to suffer fourteen days' imprisonment.

An argument here took place as to the question of costs, Mr. Mills contending that costs could not be allowed; Mr. Davie claiming that an order could be made by the magistrate as to costs.

His Honor was of opinion that the Canadian Act gave him authority to order costs and he would therefore make an an order accordingly.

The Pacific Youngster Pacified.

Grip's latest cartoon represents Sir Charles Tupper giving a cross little boy a ride on his foot, while Mr. Bunster, dressed as a fat old woman, and Mr. DeCosmos, wearing a stylish London suit topped with a plug hat, look approvingly on. Sir Charles remarks as he balances the child on his foot—"Well, then, and did this bad, bad Mackenzie make a fooley, tooley of him, so he did. But he shall have his Island railway, so he shall, and he will always vote for his Charey, so he shall!" The cartoon is not very striking and the attempt at wit is not up to *Grip's* standard.

United their Forces.

The *Post* and *Intelligencer* newspapers of Seattle have consolidated and now constitute a strong force under the title of the *Post Intelligencer* with G. W. Harris, T. W. Prosch, J. Leary and S. L. Crawford as proprietors. The primary object of the union is said to be to enable the proprietors to issue a better paper than either could afford to do alone. The step would seem to be a wise one. The first number of the new issue is a vast improvement upon the old arrangement.

The Volumne of Trade Steadily Increasing.

Notwithstanding the large increase in the importation of dutiable goods for the month of September (already reported) we have to state that for the September quarter of 1881 the value of goods entered at this port from the eastern provinces of the Dominion was $103,404, or nearly double the value of the similar class of goods imported for the corresponding quarter of 1880, when the value was only $66,545.

FROM YALE.—The steamer Western Slope arrived last evening at 7.30 from Yale and way ports with a large number of passengers and a general freight. She encountered a very heavy wind going up the river, had a large quantity of freight to discharge at Yale besides steel rails at Emory which, added to difficulty in getting wood on the lower river, occasioned the detention. She leaves again at 12 o'clock to-night.

SOCIAL AT THE ROYAL OAK.—Several townspeople went out last evening to the school house in Lake District, near the Royal Oak, to a social that was held for the purpose of raising funds in aid of a Sunday school that has been recently been established there. A very pleasant and agreeable evening was spent with readings, recitations, music, etc., etc., the school house being filled to repletion.

BURNING OF THE E. J. IRVING.—It is now stated that the fire on the Elizabeth J. Irving originated in the hold where caulkers where at work caulking and finishing one of the tanks. They had several candles in use and surrounded by oakum, pitch and other combustible material.

BUGGY ACCIDENT.—A buggy in which was seated a prominent Dominion official was upset on Rock Bay bridge Sunday by the horse shying. The occupant was thrown out and severely but not seriously injured. The buggy was smashed.

THE Russian corvette Pastun, 42 days from Vladivostock, arrived at San Francisco on the 28th ult.

FATAL RAILWAY ACCIDENT IN CANADA.

Several Killed and Wounded.

AYLMER, Ont., Sept. 30.—An excursion train on the Air Line to the exhibition grounds at London came in collision today with a freight train at Orwell, 2½ miles from this place. Five of the nine passenger coaches were completely wrecked two passengers killed outright and several missing, supposed to be buried in the wreck. About twenty were severely wounded; a large number slightly.

DETROIT, Oct. 1.—The accident on the Great Western railway between Aylmer and Orwell is worse than indicated by first reports and altogether unaccountable. Conductor Maxwell on the excursion had orders to meet the freight train at Aylmer but being ten minutes ahead of time Maxwell went on, intending to meet the train at Orwell. The engineer of the latter saw the excursion train approaching slacked off and blew his whistle for several minutes and his train almost at a standstill. The engineer of the excursion kept forging ahead regardless of the freight, which he must have seen for more than two miles, and never blew the whistle or gave the slightest indication that the road was not cleared. He kept on at full speed and collided with terrific force with the freight. Five of the excursion coaches were telescoped and four occupants killed outright and Engineer Walmsley and his son, the fireman, crushed beneath the engine. About twenty were severely wounded and a great many slightly. As near as can be ascertained the killed are William Cooke, of Alymer, Walmsley and son, of St. Thomas, W. J. Hines, of Jarvis, a man from Delhi, name unknown, and E. Standley, of Copenhagen. The wounded men are Mr. Dennis and wife of Bay City, Mich., badly; Elias Adams and wife of Malahide; R. P. Black, of Vienna; a young lady from Bay City, Mich.; Thos. Brown and daughter of Malahide; Frank Morrison, Carter Warren and Glover Harrison of Aylmer.

REYNOLDS VS. BATCHELOR AND OTHERS. On the application of plaintiff's counsel the Chief Justice directed the accounts to be closed and appointed the final hearing of the suit for Monday next, commencing at 10 o'clock a. m.

Alaska.

Kusiness is reviving in Alaka. The Northwest Trading Co., of which Paul Schulze is president, have lately taken charge of the wharf and warehouse at Sitka, advancing the money necessary for their repairs. They have fitted up the warehouse in a style that will compare favorably with the counting rooms and business houses of the great firms of our busiest cities and the thrifty, prosperous look of things around the wharf betokens the great advance which has lately been made at Sitka in commercial affairs.

The voyage of the Wachusetts to Yakatat is for the purpose of arresting if possible the Indian who murdered the two white men Kerren Campion and Thes. Malony at that place about three months ago, and to bring him down for trial. Campion and Maloney started in a canoe belonging to and ran by an Indian to ascend some of the rivers in prospecting. The same day two women who were gathering grass for baskets on the beach were attracted by shots and cries and discovered the murder. The Indian had remained in the canoe as they landed to make a meal and taking possession of Maloney's double barreled shotgun shot the latter dead, then fired at Campion, wounding him in the shoulder and after a struggle killed him with a rock. On seeing he was discovered he pursued the women, who escaped in their canoe. On his return to the village he made an attempt to kill Hollywood and wife, who is an Indian woman, together with their children, but was prevented.

The miners have long wished to prospect that region, but have been deterred by the fierce character of the natives, who have always been dangerous. Some six years ago they murdered a boat's crew belonging to a schooner which was trading there, but nothing was ever done about it.

The visit of the Wachusetts may result in making it safe to prospect there and miners in order to obtain further information procured through Capt. Lull the employment of Mr. Edmund Bean, a miner of long experience and good judgment, as one of the interpreters of the expedition, and he will make a thorough examination of the country.

Collector Morris is organizing a force of mechanics and will begin work on public buildings as soon as the material reaches him.

She was handsome, powerful, quiet, and reliable, had many friends, in fact we must add with all her excellent points and superiority she was a model of perfection. EVERYBODY SUFFERS PAIN.—It is the result of sin and violation of nature's laws. The great Creator of the universe in his infinite mercy has done much to allay the suffering of his people by giving them out of nature's store-house a "balm for every wound." Such is the Pain-Killer made by Perry Davis & Son; it stops pain almost instantly, is used both internally and externally, and is of all other pain remedies the *oldest and best*. *

SPECIAL DISPATCHES TO THE COLONIST.

LAST NIGHT'S DISPATCHES.

THE FIRE AT MOSCOW CAUSED BY NIHILISTS.

THE AGITATION IN IRELAND.

The War in North Africa.

GERMANY.

BERLIN, Oct. 4.—The municipality has arranged for special services in memory of President Garfield.

RUSSIA.

Moscow, Oct. 4.—The cable will have already informed you of the fire which broke out at Moscow on the twenty-fourth instant. On the day in question flames were seen issuing from the house that was inhabited by Hartmann and Sophie Perowski at the time of the explosion on the Moscow Railway. A carpenter in the neighborhood called Grulchen noticed the smoke and succeeded in capturing a man whom he saw running away from the building. The hands and clothes of the latter were covered all over with petroleum, which had been poured over the walls of the house. There can be no doubt the fire is the work of the captured incendiary. He is believed to be a citizen of Moscow, named Cicalas Yanaw. On examination he refused to say anything and was handed over to the authorities.

ENGLAND

LONDON, Oct. 4.—A company is forming with thirty million pounds under the auspices of members of the royal family for the purpose of purchasing waste lands in Ireland to be reclaimed and let or sold to tenants on easy terms.

Wm. Moore, an American, preached a memorial sermon on the life and character of the late President Garfield in Kensington Hall.

IRELAND.

The land league in Drogheda has adopted resolutions urging the American government to interfere in behalf of prisoners who are American citizens.

CORK, Oct. 4.—Yesterday's proceedings here on the occasion of the public reception of Parnell was splendid. The display was made by ladies. A phalanx of horsemen called Parnell guards brought up the rear of the procession, which was nearly two miles long. In some streets triumphal arches were erected. Father Sheehy spoke in favor of Irish independence, concluding by saying he spoke to the people in the presence of the great republic of the west. Redpath said that Americans are watching with interest the heroic struggle for freedom of the fatherland. Parnell, speaking at a banquet, said T. P. O'Connor would leave for America next week, and he was glad of today's demonstration, as O'Connor could report to the people of America that there was no lack of spirit in Ireland. At a meeting near Ballinglass, County Wicklow, for the purpose of establishing an organization for the protection of farmers and others who have incurred the displeasure of the land league, Walter Hume Long, M. P., and other farmers being present, it was resolved to establish an association to protect boycotted persons and especially farmers desiring to resist the dictation of the league. The loyal inhabitants of Queens Co., including Protestant and Catholic farmers who have not joined the league, have formed a committee to counteract the league. They are arranging to aid farmers who cannot get their crops saved. A convention of various branches of the Ennis league passed a resolution summoning branches to adopt stringent measures against indiscriminate boycotting

NORTH AFRICA.

Ammunition, with 309 Tunisians, reached Ali Bey safely. In the third fight on Sept. 29, Ali Bey lost 51 men killed and wounded. The Arabs finally retired across the river Meliana. Thirteen Tunisian deserters arrived at Tunis from Sirsa. They will be sent to reinforce Ali Bey.

DEATH IN THE COFFEE POT.—The public are cautioned against purchasing imported California ground coffee. Its cheapness is its only recommendation. The ingredients are of the vilest description, as anyone using it will discover should he examine the grounds. During the perihelia of the planets people should be careful what they eat and drink. Don't allow your grocer to palm off his trash upon you, because it pays him better to sell it than the good article. Ask for FELL & Co.'s Coffee and take no other. *

SCARCELY any disease to which human beings are subjected is so thoroughly discouraging as Fever and Ague. The periodical return of alternate chills, fever and sweating, is terribly depressing. Ayer's Ague Cure is the only remedy known, which is certain to cure permanently, by expelling the malarial poison which produces the disease. It does this surely and leaves no ill effect upon the system. *

GRANT'S PRESENTS.

Overhauling Them to Adorn His New York Residence.

NEW YORK, Sept. 28. — The *Sun* says: Mrs. U. S. Grant is busy unpacking numerous cases containing ex-president Grant's presents. When General Grant gave up his house in I street, Washington, all the presents he had received up to that time were packed and stored. He has now eighty-two cases of valuables to be unpacked. Mrs. Grant recently said she did not really know how much the family had. The magnificent service of silver presented by Mexico to Grant about the time he became president, and by him transferred to his wife, has been ordered from the vaults of the bank where it was deposited and will be used for the first time in what is termed Grant's New York palace. The service of silver is even finer than that owned by C. W. Childs. Grant will have in his new house a sideboard that will arouse the envy of all lovers of unique furniture. It is made of Mexican onyx and was presented to him by Mexico. It is the rarest and costliest buffet in New York. The parlors of the new house will be crowded with presents, some of which will be kept in burglar-proof safes. Mr. and Mrs. Sartoris and their three children are expected in New York next month, and it is said if possible they will also make their home here. The value of the presents contained in Grant's strong box is fixed by the gossips at fabulous sums.

HELP

Yourselves by making money when a golden chance is offered, thereby always keeping poverty from your door. Those who always take advantage of the good chances for making money that are offered, generally become wealthy, while those who do not improve such chances remain in poverty. We want many men, women, boys and girls to work for us right in their own localities. The business will pay more than ten times ordinary wages. We furnish an expensive outfit and all that you need free. No one who engages fails to make money rapidly. You can devote your whole time to the work, or only your spare moments. Full information and all that is needed sent free. Address, STINSON & Co., Portland, Maine. ja7dw
